

Dear Dr. Tim Dotson,

*I'm so glad that I met you and your staff last summer; I never thought my teeth would ever be so straight and perfect. You and your staff have given me more than what I wanted and what I could imaged. My teeth are straight and white and that I am smiling with confidence.*

*Thank you so much for your kindness and your support. It was a wonderful experience working with you, Sue, Elsie, Erma, and Michele. We had many great laughs at your office.*

*We'll see each other again soon, best wishes to your business, family and staff.*

Your friend,

Angel Hsiao
